

Journal of Micropalaeontology

Volume 15, Part 2, October 1996

CONTENTS

- 1 **A proposed Albian to Cenomanian nannofossil biozonation for England and the North Sea Basin**
J. Jeremiah 97
- 2 **Abdomen wall structure of *Holocryptocanium barbui* (Radiolaria)**
M. Bak 131
- 3 **A review and classification of fossil didemnid ascidian spicules**
O. Varol and S. D. Houghton 135
- 4 **Variation in the adductor muscle-scar rosette of *Darwinula cicatricosa* Wakefield, 1994 (Ostracoda, Crustacea), and comparison with other species of *Darwinula***
M. I. Wakefield 151
- 5 **The evolutionary significance of scale-like spines on the Australian and SW Pacific Cainozoic ostracods *Ponticocythereis manis* Whatley & Titterton, 1981 and *Trachyleberis floridus* sp. nov.**
M. T. Warne and R. C. Whatley 161
- 6 **Southern Australian endemic and semi-endemic foraminifera: a preliminary report**
Q. Li, P. G. Quilty, G. Moss and B. McGowran 169
- 7 **Middle Jurassic record of the limnic ostracode genus *Rosacythere* (Limnocytheridae, Timiriaseviinae): implications on the origin and evolution of the *Kovalevskiella* group**
J-P. Colin and P. Carbonel 187

MICROPALAEONTOLOGY NOTEBOOKS

- 1 **Recolonization of reef flat by larger foraminifera, Funafuti, Tuvalu**
J. Collen 130
- 2 ***Protobatioladinium elatmaensis* sp. nov., a dinoflagellate cyst from the Bathonian of Russia**
J. B. Riding and V. I. Ilyina 150

Abstracted and/or indexed in *Current Contents*, *Science Citation Index*, *GeoArchive*, *GeoRef*, *Geobase*, *Geological Abstracts* and *CABS (Current Awareness in Biological Sciences)*

Cover photograph. *Apsidognathus walmsleyi* Aldridge 1974. Llandoverly (Silurian) of Kapitelberget Hill, Oslo Region, Norway. Photo provided by Dr R. J. Aldridge, Leicester.

Price: £37.00
