

# Journal of Micropalaeontology

Volume 23, Part 1, May 2004

## CONTENTS

|  |    |
|--|----|
| 1. <b>Obituary: Professor Leslie Rowsell Moore 1912–2003</b><br>E. Spinner, B. Owens & P. Lunn   | 1  |
| 2. <b>An Oligocene non-marine ostracod fauna from the Basgo Formation (Ladakh Molase), NW Himalaya, India</b><br>S. Bajpai, R. C. Whatley, G. V. R. Prasad & J. E. Whittaker   | 3  |
| 3. <b>Re-interpretation of the archaeopyle type in the dinoflagellate cyst <i>Leberidocysta? scabrata</i> (Jain &amp; Taugourdeau-Lantz, 1973) Stover &amp; Evitt, 1978 and its taxonomic reallocation</b><br>Khowaja-Ateequzzaman & R. Garg | 11 |
| 4. <b>A taxonomic and distributional survey of marine benthonic Ostracoda off Kerguelen and Heard Islands, South Indian Ocean</b><br>M. A. Ayress, P. De Deckker & G. P. Coles   | 15 |
| 5. <b>Late Neogene-Quaternary radiolarian biostratigraphy: a brief review</b><br>S. K. Haslett   | 39 |
| 6. <b>On the origin and evolution of a new anchialine stygobitic <i>Microceratina</i> species (Crustacea, Ostracoda) from Christmas Island (Indian Ocean)</b><br>T. Namiołko, K. Wouters, D. L. Danielopol & W. F. Humphreys                 | 49 |
| 7. <b>On confidence intervals from micropalaeontological counts</b><br>S. A. Revets  | 61 |
| 8. <b>Palaeocopida (Ostracoda) across the Permian-Triassic events: new data from southwestern Taurus (Turkey)</b><br>S. Crasquin-Soleau, J. Marcoux, L. Angiolini & A. Nicora  | 67 |
| 9. <b>The distribution of dinoflagellate cysts across a Late Cenomanian carbon isotope (<math>\delta^{13}\text{C}</math>) anomaly in the Pulawy borehole, central Poland</b><br>P. Dodsworth   | 77 |
| 10. <b>Cyclic changes in oxygenation based on foraminiferal microhabitats: Early-Middle Pleistocene, Lucania Basin (southern Italy)</b><br>S. Stefanelli   | 81 |
