

Journal of Micropalaeontology

Volume 10, Part 2, December 1991

CONTENTS

1. **Revision of the genus *Valvobifarina* Hofker, 1951 (Foraminiferida)**
S.A. Revets 115
2. **On the use of some phosphates in the preparation of ostracod shells**
M. Kontrovitz, J.M. Slack & Z. Yuhong 121
3. **A new species of *Embsaygnathus* (Conodonta) from the Arundian (Carboniferous) of Co. Dublin, Ireland**
G. Ll. Jones 127
4. **Cenomanian/Turonian ostracods from Gebel Nezzazat, southwestern Sinai, Egypt, with observations on $\delta^{13}\text{C}$ values and the Cenomanian/Turonian boundary**
A. Shahin 133
5. **Silurian Myodocopes: Pioneer pelagic ostracods and the chronology of an ecological shift**
D.J. Siveter, J.M.C. Vannier & D. Palmer 151
6. **Two new dinoflagellate cysts from the Middle Jurassic of the Barents Sea Region**
M. Smelror 175
7. **The platycopid signal: a means of detecting kenoxic events using Ostracoda**
R. Whatley 181
8. **Dinoflagellate cysts from the Oxfordian (Upper Jurassic) of Skye, Scotland and Southern Dorset, England**
R.P.W. Stancliffe 185
9. **Albian calcareous nannofossils from the Gault Clay of Munday's Hill (Bedfordshire, England)**
J.A. Crux 203
10. **On *Arcacythere* Hornibrook, 1952 (Cytheracea, Ostracoda, Crustacea), a senior synonym of *Rockallia* Whatley, Frame & Whittaker, 1978**
M.A. Ayress 223
11. **Lower Eocene Ostracods from the Rusayl Shale Formation of Oman**
M.C. Keen & A. Racey 227

MICROPALAEONTOLOGY NOTEBOOK

A new method for bulk palynological processing of oil-contaminated chalks,

I. Nørgaard, A.-M. Rasmussen, P. Schiøler, & S. Stouge 202

Corrigenda for "The generic revision of the Reussellids (Foraminifera)" by Stefan A. Revets 120

Instructions to authors 150

In Memorium: Dr R.H. Cummings O.B.E. 234
