

# Journal of Micropalaeontology

Volume 11, Part 1, June 1992

## CONTENTS

1. **Palynological interpretation of the palaeoenvironments of Miocene strata of the well Igbomoturu-1, Niger delta**  
F.E. Oboh, M B Salami, J.L. Chapman 1
2. **On *Trochamijiella gollesstanchi*, gen. nov et sp. nov. (Foraminiferida, Loftusiacea), an index for the Middle Eastern marine Late Bathonian**  
J. Athersuch, F.T. Banner, M.D. Simmons 7
3. **Lower Triassic (Smithian) conodonts from northwest Pahang Peninsular Malaysia**  
I. Metcalfe 13
4. **Cretaceous Orbitolinidae (Foraminifera) from Onshore and Offshore South-West England**  
M.D. Simmons, C.L. Williams 21
5. **A simple notation scheme to describe time-averaged ostracod assemblages (Crustacea, Ostracoda) by their taxonomic composition**  
H.I. Griffiths & J.C. Evans 31
6. **The structure and taxonomic position of *Millettia* Schubert, 1922 (Foraminiferida)**  
Stefan A. Revets 37
7. **Lower Jurassic ostracods from Ilminster, Somerset, England**  
Ian Boomer 47
8. **The dinoflagellate cyst genus *Epiplosphaera* Klement 1960 – a reappraisal**  
Niels E. Poulsen 65
9. **Foraminifera of the Eptahorion Formation (early Oligocene) of the Mesohellenic Basin, northern Greece**  
Roberto Barbieri 73
10. **New Recent foraminiferal genera and species from the lagoon at Madang, Papua New Guinea**  
Martin R. Langer 85
11. **Milankovitch cycles and microfossils: principles and practice of palaeoecological analysis illustrated by Cenomanian chalk-marl Rhythms**  
C.R. Paul 95

---

### ESSAYS IN MICROPALAEONTOLOGY

1. **Supposed pronounced ecophenotypy in foraminifera**  
J.R. Haynes 59

---

### MICROPALAEONTOLOGY NOTEBOOKS

1. **Trace-element chemistry of non-marine ostracod shells: a preliminary evaluation of cleaning methods**  
Jonathan A. Holmes 36
2. **First record of the genus *Beela* Banner & Blow, 1960, in upper Pleistocene sediments (past 600Ka) from the Norwegian-Greenland Sea**  
Henning A Bauch 58
3. ***Trochamminoides grzybowskii*, nom.nov., a new name from *Trochamminia elegans* Cryzbowski, 1898 (Foraminiferida)**  
M.A. Kaminski & Stanislaw Geroch 64

---

Editorial: Into the next decade 20

Instructions to authors 94

Cover Illustration: A selection of Miocene radiolaria from Ecuador, kindly supplied by Paul Robinson, University of Southampton.
