

# Journal of Micropalaeontology

Volume 13, Part 1, September 1994

## CONTENTS

1. <b>Editorial</b> J. Murray	1
2. <b>Electronic text preparation</b>	2
3. <b>Late Miocene ostracods from the Fujikotogawa Formation, northern Japan – with reference to cold water species involved with trans-Arctic interchange</b> T. Irizuki	3
4. <b>Recent benthonic foraminifera from the Western Antarctic Ocean</b> R. W. Jones and C. A. Pudsey	17
5. <b>Lower and Middle Triassic foraminifera from the Eros Limestone, Hydra Island, Greece</b> R. Rettori, L. Angiolini and G. Muttoni	25
6. <b>Distribution of smaller benthic foraminifera in the Chagos Archipelago, Indian Ocean</b> J. W. Murray and C. W. Smart	47
7. <b>Graphic correlation and sequence stratigraphy in the Palaeogene of NW Europe</b> J. E. Neal, J. A. Stein and J. H. Gamber	55

---

## MICROPALAEONTOLOGY NOTEBOOKS

1. <b>Opportunistic features of the foraminifer <i>Stainforthia fusiformis</i> (Williamson): evidence from Frierfjord, Norway</b> E. Alve	24
2. <b>Spirals: their orientation and description</b> S. A. Revets	54
