

CONTENTS

1. **Cytogenetic studies on marine myodocopid Ostracoda: the karyotypes of some species of halocyprids**
A. Moguilevsky 81
2. **Dinocyst distributions and stratigraphy of two Cenomanian-Turonian boundary (Upper Cretaceous) sections from the western Anglo-Paris Basin**
B. A. Tocher and I. Jarvis 97
3. ***Alanlordia*, a new genus of acervuline foraminifera from the Neogene of Indonesia**
F. T. Banner and M. A. Samuel 107
4. **Early Palaeocene *Parvularugoglobigerina* and late Eocene *Praefenutella*: does evolutionary convergence imply similar habitat?**
Qianyu Li, B. McGowran and A. Boersma 119
5. **Pliocene-Pleistocene radiolarian and diatom biostratigraphy of ODP Hole 709C (equatorial Indian Ocean)**
S. K. Haslett, K. Kennington, B. M. Funnell and C. L. Kersley 135
6. ***Cassidulina feretis* Tappan and *Cassidulina neoteretis* new species (Foraminifera): stratigraphic markers for deep sea and outer shelf areas**
M.-S. Seidenkrantz 145
7. **Unusual twin specimens of *Nannoconus abundans* (Calcareous Nannofossil, *Incertae Sedis*)**
B. van Niel 159
8. **Biostratigraphy and assemblage composition of benthic foraminifera from the Manihiki Plateau, southwestern tropical Pacific**
J. Schönfeld 165

MICROPALAEONTOLOGY NOTEBOOKS

1. **Preliminary observations on living *Krithe praetexta praetexta* (Sars, 1866), *Sarsicytheridea bradii* (Norman, 1865) and other marine ostracods in aquaria**
S. Majoran and S. Agrenius 96
2. **A simple cost-effective infra-red microscope for palynology**
J. E. A. Marshall 106
3. **Digital imagery for making plates**
G. Scott 118

Abstracted and/or indexed in *GeoArchive*, *GeoRef*, *Geobase Geological Abstracts* and *CABS (Current Awareness in Biological Sciences)*

Cover photograph. *Cribroperidinium sepimentum* Neale & Sargeant 1962. Hauterivian of E. England. Photo provided by Dr I. C. Hording, Southampton.

Price: £35.00
