

Journal of Micropalaeontology

Volume 8, Part 1, June 1989

CONTENTS

1. Micropalaeontological study of dredging samples taken off Jamestown, Saint Helena Island, South Atlantic Ocean G. Kouyoumoumtzakakis	1
2. Foraminifera and ostracods from the Dinantian Woodbine Shale and Urswick Limestone, South Cumbria, U.K. J. Athersuch and A. R. E. Strank	9
3. Structure and comparative anatomy of the toothplate in the Buliminacea (Foraminiferida) S. A. Revets	23
4. Differences between the sensory organs of phytal and bottom-dwelling <i>Loxococoncha</i> (Ostracoda, Crustacea) T. Kamiya	37
5. <i>Loftusia arabica</i> sp. nov. (Foraminiferida) from the Maastrichtian of central Saudi Arabia Ghalib M.A. El-Asa'ad	49
6. Recent shallow marine Ostracoda of the Ikerssuak (Bredefjord) District, Southwest Greenland D. N. Penney	55
7. Fourier analysis of the planktonic foraminifer <i>Neogloboquadrina pachyderma</i> (Ehrenberg) from the Pleistocene Santa Barbara Formation, California Chia-Chen Yeh, R. T. Patterson and R. H. Osborne	77
8. The type species of the genus <i>Orbitolina d'orbigny</i>, 1850 (Foraminifera) R. Schroeder and M. D. Simmons	87
9. New calcareous Nannofossil taxa from the Jurassic P. R. Bown and M. K. E. Cooper	91
10. <i>Morozovella protocarina</i>: a new species of Palaeocene planktonic Foraminiferida R. M. Corfield	97
11. Three new miospore genera from the Lower Carboniferous (Visean) rocks of east Fife, Scotland R. S. W. Neville	103
12. <i>Rotosphaeropsis thula</i> (Davey 1982) comb. nov., emend.: a dinoflagellate cyst from the Upper Jurassic – Lower Cretaceous of England J. B. Riding and R. J. Davey	109
13. On <i>Pseudotaberina malabarica</i> (Carter) (Foraminiferida) F. T. Banner and J. Highton	113
Editorial	8
Instructions to authors	130
