

# Journal of Micropalaeontology

Volume 9, Part 1, July 1990

## CONTENTS

1. <b>On <i>Everticyclammina</i> Redmond (Foraminifera), especially <i>E.kelleri</i> (Henson)</b> F. T. Banner & J. Highton	1
2. <b>Modification of Conodont element micro-ornamentation by clay-mineral indentation</b> R. D. Burnett & R. L. Austin	15
3. <b>On <i>Lithocodium</i> Elliott (Calcareous algae); its palaeobiological and stratigraphical significance</b> F. T. Banner, E. M. Finch & M. D. Simmons	21
4. <b>Ontogenetic changes in the ostracod <i>Cytherella</i> cf. <i>ovata</i> Roemer, from the Cenomanian of Algeria</b> S. Majoran	37
5. <b>Radiolarians and Diatoms from the mid-Cretaceous succession of the Sergipe Basin, Northeastern Brazil: palaeoceanographic assessment</b> E. A. M. Koutsoukos & M. B. Hart	45
6. <b><i>Krausella minuta</i>, a nomen nudum in ostracodology, and three new species of <i>Cardobairdia</i> Bold 1960 from the Campanian of Belgium and the Cenomanian of southern England</b> H. Nuyts	65
7. <b>Size variation of Neogene <i>Reticulofenestra</i> Coccoliths from Indian Ocean DSDP cores</b> J. R. Young	71
8. <b>New palynological data on the age of the Kiltorcan Flora of Co. Kilkenny, Ireland</b> E. Jarvis	87
9. <b>The status of <i>Rotalia</i> Lamarck (Foraminifera) and of the Rotaliidae Ehrenberg</b> J. R. Haynes and J. E. Whittaker	95
10. <b>New chitinozoan taxa from the lower Wenlock (Silurian) of the Welsh Borderlands, England</b> P. H. Swire	107
<b>Editorial</b>	20
<b>MICROPALAEONTOLOGY NOTEBOOK: A case for subgenera in a foraminiferal classification, by D. G. Jenkins</b>	36
<b>Instructions to authors</b>	64

**Cover illustration:** A selection of Miocene foraminifera from the western Mediterranean, kindly supplied by Dr David Jutson, Stratigraphic Services International Ltd.
